EDUCATION AND ASSISTANCE

enhancing health and well-being

"I want to thank you and let you know that the advice and counseling you gave me has changed my life. I followed through with all of your suggestions and referrals. I have my license back and have decided to continue to practice medicine. I'm a new person. Thank you again!"

93%

The healthcare professionals who are enrolled with OPHP for monitoring and recovery documentation services experience recovery and success rates significantly higher than those of the general population. Of the professionals who have been monitored by OPHP, 93 percent are still in recovery and have returned to work practicing medicine.

Your donation can help! OPHP relies on the generous support of grants and donations. Please consider making a gift today or visit www.ophp.org for more information.

The Ohio Medical Quality Foundation provides major operating support to the Ohio Physicians Health Program through an authorized grant.
