Ohio AAP Spring Education Meeting
April 24, 2020

10:00 am - 3:30 pm
Athens Community Center, 701 E. State St., Athens, OH 45701

9:30 – 10:30 am  Ohio AAP Executive Committee Meeting (Members Only)
10:00 am  Registration
10:30 am – 1:00 pm  Teen Vaping Training
   • Vaping 101 and myths vs. facts
   • Prevention and supporting healthy habits
   • Teen panel on communication strategies
1:00 – 1:30 pm  Lunch Break
1:30 – 3:30 pm  Lead Screening and Prevention Training
   • Easy steps for venous and capillary testing for lead exposure
   • Communication techniques and resources to use with families regarding lead dangers and abatement

Learning Objectives:
At the close of this activity the learner will be able to:
• Explain the dangers and health crisis of e-cigarette use with adolescents and families.
• Implement prevention strategies and treatment resources of e-cigarette use among adolescents.
• Describe current trends in lead poisoning epidemiology and adherence to medical management guidelines.
• Explain and utilize resources with families.
• Integrate counseling on lead poisoning prevention in anticipatory guidance.
• Identify opportunities to increase lead screening and testing rates and referral to appropriate resources.

Target Audience:
Pediatric primary care, sub-specialists, hospitalists, general physicians, nurses, residents, medical students, psychiatrists, psychologists, law makers, community members, social workers, allied health professionals, teachers, parents, families, and all other stakeholders in the safety and health of Ohio’s children.

Course Description:
This activity is designed to provide health practitioners with the most recent curriculum in lead and vaping prevention. Practitioners and public health professionals will be given tools to help pediatric and adolescent patients grow to be healthy, resilient adults.

Can’t attend the whole meeting? That’s ok! Feel free to attend the sessions that fit your schedule.

Did you Know?

Did you Know?

40% of Ohio’s Medicaid children have not been screened for lead.

Did you Know?

Nicotine rewire your brain, affecting learning, memory, focus and emotions

“The Ohio AAP Vaping Education program was a good use of my time and a great learning session. Having diverse perspectives from young people, physicians, and pharmacists added to the impact. Since then, I led a community education program on Vaping to Boy Scouts and I felt prepared.”

-Elise Berlan, MD, FAAP
