## Learning Objectives:

At the close of this activity the learner will be able to:

- Explain the dangers and health crisis of e-cigarette use with adolescents and families.
- Implement prevention strategies and treatment resources of e-cigarette use among adolescents.
- Describe current trends in lead poisoning epidemiology and adherence to medical management guidelines.
- Explain and utilize resources with families.
- Integrate counseling on lead poisoning prevention in anticipatory guidance.
- Identify opportunities to increase lead screening and testing rates and referral to appropriate resources.

## Target Audience:

Pediatric primary care, sub-specialists, hospitalists, general physicians, nurses, residents, medical students, psychiatrists, psychologists, law makers, community members, social workers, allied health professionals, teachers, parents, families, and all other stakeholders in the safety and health of Ohio's children.

## Course Description:

This activity is designed to provide health practitioners with the most recent curriculum in lead and vaping prevention. Practitioners and public health professionals will be given tools to help pediatric and adolescent patients grow to be healthy, resilient adults.

**Can't attend the whole meeting? That's ok! Feel free to attend the sessions that fit your schedule.**

The Ohio Chapter, American Academy of Pediatrics (Ohio AAP) is accredited by the Ohio State Medical Association to provide continuing medical education for physicians. The Ohio AAP designates this live activity for a maximum of 5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn 5 (five) MOC point in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit. MOC Part II credit will be entered into the CME data portal entitled PARS and will be shared electronically with the ABP within 30 days of the activity date.

## Did you Know?

2/3  
homes in Ohio may  
have lead paint

40%  
of Ohio's Medicaid  
children have not been  
screened for lead.

Nicotine **rewires**  
your **brain**, affecting  
learning, memory, focus  
and emotions

Studies have shown that  
**vaping** can exacerbate  
the symptoms  
of **COVID-19**
