

# Ohio AAP Spring Meeting

The Future of Pediatrics-Disrupters in Primary Care.  
How to Compete and Succeed While Protecting the Pediatric  
Medical Home

**May 6, 2022**  
**Ohio University Inn and  
Conference Center**  
**331 Richland Ave**  
**Athens, Ohio 45701**

In-person Needs Assessment  
to Brainstorm How to  
Support our Members and  
Provide the Best Care for  
Ohio's Children

**3.5 hours of CME/**   
**MOC Part II Credit!**

## What are Practice Disrupters? Why Do you Need to Attend this Meeting?

In this ever-evolving world of technology, medicine and increase in consumer expectations, practice disrupters such as **Amazon Cares**, **Walmart Health** and **minute clinics** to name a few will be flooding the market with concierge, remote health “conveniences”. Additionally, **large hospital systems** are acquiring practices in an effort to bring resources to underserved communities. The future of primary care extends far beyond the physician’s office to pharmacies, retail clinics, large hospital systems and virtual care companies. A relentless focus on anticipating and delivering on the primary care needs and preferences of current and potential consumers is the only way for organizations to remain relevant amidst an abundance of new, innovative players in primary healthcare delivery.

Ohio AAP knows that we will not be able to stop services such as Amazon Cares, however, we can open a dialogue with large systems, and educate and prepare our members to be competitive to create a new vision for care with services like telemedicine and online scheduling.

Ohio AAP leadership has created a sub-committee of experts dedicated to helping our members provide the best care with these changes on the forefront. Attending this meeting will provide you with a deeper understanding of this “new world” and help us shape and develop resources that will be spread across the state to help keep the medical home alive with families.

## Schedule of Events

10:00 am -12:00 pm	Ohio AAP Planning, Implementation and Performance Committee Meeting (Invitation Only)
12:00 pm -12:30 pm	Registration and Ohio AAP Program Preview
12:30 pm -2:00 pm	<b>The Future of Pediatrics-Disrupters in Primary Care: How to Compete and Succeed While Protecting the Pediatric Medical Home</b>
2:00 pm -2:15 pm	Break and Ohio AAP Program Recruitment
2:15 pm -2:45 pm	Maximizing Billable Services in Ohio AAP QI Programs: Lessons Learned in Smoke Free Families and Healthy Mom, Healthy Families
2:45 pm -4:00 pm	Adolescent Behavioral Health: Anxiety & Depression During an Ever-Changing Time for Teens Includes: Local Resources and Referral

The Ohio AAP will focus on 3 areas around primary care disruption to provide support to our primary care members as well as provide for the best relational health for patients and families. To effectively execute these 3 areas, the Ohio AAP meeting will provide a 1 ½ hour brainstorming session around the following:

### Understanding How Families Access Care

- Review and discuss family expectations, wants, and needs when accessing care
- Resources to educate patients and families on relational health and the medical home
- Adopting or modifying resources that already exist

### Training of our Primary Care Members

- Technology training
- Better use of telehealth so patients don't use urgent care or outside services

### Partners in this Work

- Potential partnerships with managed care companies and group buying organizations
- Hospital systems interested in strengthening the medical home
- Partnering non-traditional providers with a medical home to provide care in collaboration

Feedback and recommendations will be used to develop new resources and trainings to be rolled out at the 2022 Ohio AAP Annual Meeting!

## Target Audience

Pediatric or family medicine primary care, sub-specialists, hospitalists, general physicians, nurses, residents, medical students, psychiatrists, educators, parents, teens, psychologists, law makers, community members, allied health and all other stakeholders in the safety and health of Ohio's children.

## Course Description

This activity is designed to provide health practitioners with the most recent curriculum in practice operations, infant mortality and behavioral health.

PART 2  
MOC

THE AMERICAN BOARD OF PEDIATRICS

## CME/MOC Statements

The Ohio Chapter, American Academy of Pediatrics (Ohio AAP) is accredited by the Ohio State Medical Association to provide continuing medical education for physicians.

The Ohio AAP designates this live activity for a maximum of 3.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn 3.5 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program.

It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit. MOC Part II credit will be entered into the CME data portal entitled PARS and will be shared electronically with the ABP within 30 days of the activity date.
