Earn up to 6 CME/MOC Part II Credit

Why Join Us In Person?

• Reconnect, network, and meet with new colleagues
• Fully engage in the meeting with less distractions
• Provides connection and empathy you can’t get through a screen
• Allows a space for creative juices to flow and brainstorming to occur
• Need to step out or take a break? No problem!
Ohio lawmakers call Medical Freedom Act strong legislation

This week, the Ohio House of Representatives passed a Medical Freedom Act lawmakers call the strongest of its kind. It states the bill will help protect Ohioans from “draconian vaccine mandates.” Representative Don Jones said there are two main amendments lawmakers in favor of the bill were glad to see pass. “School children cannot be …

A doctor falsely told lawmakers vaccines magnetize people: ‘They can put a key on their forehead. It sticks.’

Many Ohio schools are not enforcing vaccinations for mumps, measles, polio and other diseases

How many students at your kid’s school are missing required vaccines?

Ohio GOP lawmakers want to protect those refusing COVID-19 shot from discrimination

Six of those who introduced the bill have publicly announced they will not get a COVID-19 vaccine.

From Fear to Medical Freedom: Overcoming the Vaccine Hesitancy Movement and Medical Misinformation to Increase Rates Through Pediatricians, Legislators, Media and the Community

The Ohio AAP Foundation Fundraiser Luncheon supports our coalition, Ohio Champions for Vaccines (OC4V). Ohio’s immunization rates are NOT where they need to be for all Ohioans to be protected from potentially dangerous vaccine-preventable diseases. The mis- and disinformation has scared Ohioans, and it is time to set the record straight. OC4V shares factual, data-driven information and stories about vaccines. Our program will approach this emergent issue and new tide of anti-vaccine sentiment couched as medical freedom with a multi-disciplinary team of experts, pediatricians, media, and parents. Our panelists will share their perspective, then the large group will have an opportunity to ask questions and provide comments, with a goal of moving forward together to protect our children within the medical home.

COST: $40 Member, $60 Non Member, $750 for a table of 8

DONATE NOW to support the work of OC4V, our vaccine advocacy in action: OhioAAP.org/donate

Learning Objectives

• Implement lessons learned from the history of vaccine hesitancy to facilitate conversations with families about vaccine and medical misinformation.

• Integrate best clinical practices and recommendations from lived experience experts to create a safe, supportive environment for LGBTQ+ youth within pediatric clinical practice.

• Examine how eliminating racial disparities in healthcare can improve black maternal health outcomes in Ohio.

• Recognize when to refer patients with pediatric dermatologic emergencies and how telehealth can be utilized to better improve access to care for patients with dermatologic needs.

• Analyze cases and apply best practices in the treatment of patients with acute and chronic feeding concerns.

• Implement treatment guidelines to develop and foster adherence to management plans when treating patients with Oppositional Defiance Disorder (ODD).

Ohio AAP is working hard with partners to be able to provide this conference **FREE** for Ohio AAP Members and Staff as an EXCLUSIVE benefit

*Excludes Ohio AAP Foundation Luncheon Fee

CME/MOC PART II CREDIT with simple questions following each session!

CME/MOC Statements

The Ohio Chapter, American Academy of Pediatrics (Ohio AAP) is accredited by the Ohio State Medical Association to provide continuing medical education for physicians.

The Ohio AAP designates this live activity for a maximum of 6 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn 6 MOC points in the American Board of Pediatrics’ (ABP) Maintenance of Certification (MOC) program.

It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit. MOC Part II credit will be entered into the CME data portal entitled PARS and will be shared electronically with the ABP within 30 days of the activity date.

Target Audience: Pediatric or family medicine primary care, sub-specialists, hospitalists, general physicians, nurses, residents, medical students, psychiatrists, educators, parents, teens, psychologists, law makers, community members, allied health and all other stakeholders in the safety and health of Ohio’s children.

Course Description: This activity is designed to provide health practitioners with the most recent curriculum in vaccine health, infant mortality, LGBTQ+ health, dermatology, sports medicine, infant feeding and mental health.
